

CCTV Report for August 2013

Another very busy month for us. We start with an assault in a pub in Leatherhead where three offenders were reported to the Police. We monitored the front and saw three persons matching the descriptions leave the pub. As the Police got close the males ducked down behind parked vehicle, out of sight, until the officers has passed. Due to the amount of radio traffic we were unable to inform the officers but we continued to monitor the offenders until they went in to a further pub. We were able to pass the information to the officers and all three arrested for assault.

A strange call from a shop in Dorking to the Police informing them that a charity collector was stood outside their shop but was being aggressive and rude to members of the public. We monitored the male and a local officer attended and spoke to him giving him suitable advice. After the officer had left we continued to monitor the male and it was apparent that he was continuing with his behaviour. However before we could inform the officer the shop staff phoned the Police on 999 system and informed them. We continued to monitor as the male was arrested for offences under the Public Order Act. Our footage proving very useful when the male complained of the way he was dealt with by the Police.

We were monitoring the link from the Belfry and realised they were watching a male attempting to sell what appeared to be laptops and ipad type items to some stall holders. We arranged for a local Police officer to attend and as the officer approached the male in the Belfry it was apparent that the male was trying to avoid the officer. The officer stopped and spoke to the male. With the officer still holding the males passport as proof of identification he told the male to wait whilst he made enquiries with the stall holders. As soon as the officer turned his back the male ran from the Belfry and then ran down Station Road, taking a tumble as he tried to run down the Belfry steps. He ran down Station Road and into London Road with us giving a comentary to the officer on the males location. As the male came to an agreement with a taxi driver on the Sainsburys rank and tried to get into the taxi the officer arrived and detained him. Due to the nature of the goods in the males possession the officer arrested him for dwelling burglary so a great result.

Police received report of fight at the Redhill bus station in middle of the afternoon. We monitored and updated officers as the fight progressed in and out of the traffic in Princess Way and then into Ladbroke Road. Officers arrived and in the confusion two were arrested but a further, main offender, managed to get away through a back garden into the Park. We continued to track the male across the Park, onto London Road and losing him as he went down the escalator to the underground car park. We re-acquired him, even though he had changed his clothing as he exited the car park via the vehicle exit ramp. We followed him, updating officers all the time, but lost him as he went into the rail Station. By the time officers arrived a train had left with our man on it.

Note:

"Statistical Info" gives an overview of statistics for last three months plus a cumulative annual total. "Allocation of Time" shows the breakdown of time spent by CCTV staff. Within this tab the item marked 'copy and seize media' indicates the length of time preparing evidence for prosecution cases. The item marked 'crime investigation' indicates the time spent reviewing incidents thereby saving Police resource time. The item marked 'monitor incidents and events' indicates the actual time spent when a 'real time' incident has been reported to the Police or CCTV. Year is defined as April to March.

Comments:

Note:

Crime enquiries: Number of events reviewed = Number of occasions where CCTV operators have undertaken crime investigation review in lieu of Police.
 Crime enquiries: Media copied = Number of occasions where CCTV evidence is required for prosecution.
 Crime enquiries: Review time spent = Number of hours CCTV operators have spent on crime review in lieu of Police investigators.
 Detention report: CCTV intervention = Offender captured or evidence gained only due to CCTV operators presence and action.
